Constructing a 1st HD or Hospital at Shimoga with his letter No 2506 dated the 27th Sept 1921 and the Chief Engineer was informed that the question of providing funds for the work should be brought up for consideration at the next budget time. Since then it has not been found possible to sanction the necessary funds for this work.

Med 129-19
Sls 1-10

During his tour in the Malnad the present Governor, in replying to an Address, stated that for the present if an additional in-patient ward is constructed on the pavilion system connecting the new ward with other parts of the existing building, that will provide for the immediate requirements of the district at least for the next ten years. I shall therefore suggest to the Senior Surgeon

NOTE—Contn. sheet.

whom I expect to meet in this district during my tour, to submit a revised scheme under which provision for at least 12 additional beds in the new in-patient department may be put forward with the necessary improvements which will bring this institution up to date. That will necessarily be a limited scheme not involving such a large expenditure: but still it will probably require a grant of at least 2 lakhs of rupees. I cannot promise that you will get that money immediately in the next official year, but I will try my best to see how much you could get in order to make a good start."

Subject No. 5.

Improvement of the Civil Hospital at Shimoga.

Messrs. C. Subba Rao, A.Ananthaiah, P. Venkappaiya, Shimoga -- Taluk; and B. N. Raghavaiya, Shimoga Town Municipality.

Mr. C. Subba Rao and others.

First Member of Council.

Dewan.

Summary of discussion.

It is prayed that Government may be pleased to take up the work of improving the Shimoga Civil Hospital -- and effect necessary improvements to bring the institution to up-to-date - standard capable of serving the whole of the Malnad.

Wanted a new building with up-to-date equipment for Shimoga Town.

During the Dewan's visit he has promised an additional ward.

It is not possible to construct a new building, but the existing one will be improved.

Returned separately

C.S. 15/12

57 Returned, with compliments.

2. No orders of Government were received that the work should be provided for in the Draft Budget Estimate for the year 1925-26. The work had, however, been included by the Senior Surgeon in the list of urgent works to be provided for in the Budget Estimates for the current official year. But no provision has been made for any new works in the Budget Estimate for the year 1925-26, owing to very limited grant sanctioned by Government. If, however, Government accord administration sanction to the rough estimate amounting to Rs.35,000/-, details will be worked out and provision made for the same during 1926-27.

GENL. & REV. SECTT. Br. G 10. NOV. 1923 G. D. SECTION

FROM

The Senior Surgeon with the Government of His Highness the Maharaja of Mysore, Bangalore.

To

The Secretary to the Government of H. H. the Maharaja of Mysore, Local & Legislative Departments, Bangalore.

SIR,

With reference to your letter No.L.2693-Med.66-23-2, dated 13th October 1923, I have the honor to state that as a result of the correspondence with the District Medical Officer and the Executive Engineer of Shimoga, plans and estimates amounting to Rs.35,000/- in all, for certain additions and improvements to the District Hospital had been received in this office. As it was understood that the budget of the P. W. Department was framed just to carry on incomplete works to completion and no funds were likely to be spared for new works, I deemed it necessary to go through the plans and estimates on the spot at my visit to Shimoga on annual inspection. Accordingly I inspected the institution on the 8th October 1923 and came to the opinion that the estimate was capable of reduction to a more modest sum if improvements to the existing buildings were made on the lines set forth in my notes of inspection, ~~a copy~~ an extract of which is herewith submitted for information. The District ~~Medical~~ Medical Officer, Shimoga, had been directed to communicate with the Executive Engineer and have the plans and estimates revised

33

revised in the light of my suggestions according to which I expect about 40 beds in all will become available in that institution against the existing 4 beds.

As soon as the revised plans and estimates are received, a further report will be submitted to Government.

I have the honor to be

Sir,

Your most obedient servant

Wilson

Ag. Senior Surgeon.

Sir,

With reference to the correspondence ending with your letter No.C.1822-6 dated the 5/8th November 1923 in the matter of effecting certain improvements to the District Hospital Building at Shimoga, I am directed to invite reference to the ~~following~~ annexed summary of discussion of Representative Assembly subject of the October Session of 1923:

SHIMOGA (LOCAL)

Subject No.5.

Improvement of the Civil Hospital at Shimoga.

Messrs C. Subba Rao, A. Ananthaiah, P.Venkappaiya, Shimoga Taluk, and B.N.Raghavaiya, Shimoga Town Municipality.

Mr. C. Subba Rao and others.

First Member of Council.

DDewan.

Summary of Discussion.

It is prayed that Government may be pleased to take up the work of improving the Shimoga Civil Hospital and effect necessary improvements to bring the institution up-to-date standard capable of serving the whole of the Malnad.

Wanted a new building with up-to-date equipment for Shimoga Town~~work~~.

During the Dewan's visit he has promised an additional ward.

It is not possible to construct a new building, but the existing one will be improved.

Med 66-23-8

Sir,

1093

With reference to your letter No. L. 6953-Med. 66-23-7, dated 4th March 1924, regarding improvements to the District - Hospital buildings at Shimoga, I have the honour to forward herewith copy of letter No. 52, dated 16/17th January 1924, from the Executive Engineer, Shimoga Division, giving his opinion on the modified suggestions of Dr. Usman.

The estimate for Rs.35,000/- consisted of the following works.-

1. Extension of Female Ward to secure accomodation for maternity cases.	Rs. 10,813/-
2. A new Ward for 12 beds as suggested in the Distr Dewan's notes.	Rs. 16,016/-
3. Kitchens, Latrine etc.	Rs. 8,216/-
Total	Rs.35,045/-

Of the above Dr. Usman practically accepted the first and the third items and wanted to try and reduce the cost by suggesting a rearrangement of doors and windows of the existing male Ward to secure accommodation for 4 additional beds and by improving the frontage of the same. The Executive Engineer is of opinion

40

that it is not worth while to disturb the present structure for securing only four more beds. The rearrangement of windows and improving the frontage etc., may cost at least Rs.8,000/- So that the question is whether only four additional beds should be secured in the existing male ward at a cost of Rs.8,000/- or a decent new Ward with accommodation for 12 beds constructed at a cost of Rs.16,000/-

I am certainly for the latter alternative, in other words, for all the improvements as per estimate costing Rs.35,000/- herein enclosed. It is, however, not possible to trouble the Public Works Department for detailed plan and estimate without an assurance from Government that necessary funds will be provided for this work at least next year. I therefore request that preliminary sanction of Government in the administrative department may kindly be accorded to the rough estimate of Rs.35,000/- and the Public Works Department instructed to get up detailed plans and estimates. I have no doubt that Dr. Usman will use the full weight of his personal influence with the people of Shimoga among whom he had spent a good number of years to obtain substantial contributions from the citizens and the local bodies to attain this most desirable benefit to the people of the Malnad.

I have the honour to be,

Sir,

Your most obedient servant,

H.S. Mysorekar

Senior Surgeon.

(41

Letter No. 52 dated 19th Jan. 1924 from the Executive Engineer, Shimoga Division, to the District Medical Officer, Shimoga.

Your No. 3500 dated 10th Jan. 1924, returning plans and an estimate for Rs.35,000/- for improvements to the District Hospital at Shimoga, with copy of Senior Surgeon's official Memorandum No. C.1822-4 or 22-23 and an extract of his Inspection note of the Shimoga Hospital etc.

In acknowledging receipt of the above, I have the honour to observe that the Senior Surgeon is diffident of getting Rs.35,000 for the proposed improvements at present and that he wouldhave more modest estimate prepared with a view to immediate taking up of the work. It is worth while to know what this reduced amount could be

2. Secondly, he is hopeful of getting needful contributions from the District and Municipal Funds. The respective Boards may kindly addressed and an assurance obtained regarding the same an the extent of their contributions and the replies communicated.

3. Lastly, the Senior Surgeon's modified proposals comprise mainly (a) conversion of an additional room in the Women's Ward to a Labour Ward, (b) renewing the roof of the men's ward with Manga lore tiles and giving an ornamental frontage and (c) rearranging doors and windows to secure accommodation for more beds and lastly (d) construction of a cottage or paying ward between the present men's and Women's wards.

4- I consider that item (c) viz., rearranging doors and windows is not worth doing, as the additional accommodation securable will be only for four beds and involves lot of dismantlin and rebuilding.

5. Design for the cottage or paying ward or a rough sketch may kindly be got from the Senior Surgeon for preparation of necessary plans and estimates. The other two items will be attended to here only.

6. On

6. On receipt of these information and kind communi cation of the personal instructions to the District Medical Officer, referred to by the SeniorSurgeon. needful draft plans and estimates will be prepared and forwarded for taking further action.

"Copy."

Chief Engineer of Mysore, Bangalore.

TO B.Nagappa,Esq., Bar-at-Law.,
Secretary to Government,
Local and Legislative Departments,
Bangalore

SIR,

With reference to correspondence ending with your letter L.1236 dated the 9th August 1924 regarding the improvements to the Civil Hospital at Shimoga, I have the honour to invite kind reference to letter no.C.1822-16 of 22-23 dated the 21st August 1924 from the Senior Surgeon to the Government of Mysore to your address forwarding for sanction an estimate amounting to Rs 35,000 for effecting the necessary improvements to the building.

2. There is no provision for the work in the Budget Estimate for the year 1924-25 nor can funds be made available by reappropriation as the grant for the year has been considerably reduced on account of financial stringency.

The Senior Surgeons communication on the subject has been submitted to the First Member-in-Council for orders. If approved the return of the file will be awaited.

I have the honour to be,
Sir,
Your most obedient servant,

S. Srinivasa Ayyar

SIR Improvements to the Civil Hospital building at Shimoga

Adverting to correspondence ending with this office letter No.B.8295 dated the 20th January 1926, I have the honour to forward herewith for the orders of Government, plans and estimate, the latter amounting to Rs 30,000 for improving the Civil Hospital building at Shimoga.

2. There is no provision for the work in the Budget Estimate for the year 1925-26, as already intimated in this office U.O.No.167 P.W.D. dated the 22nd July 1925. If administrative sanction is accor-ed to the estimate and if the work be ordered to be provided for in the Budget Estimates for the year 1926-27, then technical sanction of Government to the project will be obtained and arrangements made to start the work next year, if the provision therefor is finally retained in the Budget.

3. The Senior Surgeon has countersigned the estimate and plan in token of his approval to the proposals made by the Executive Engineer.

I have the honour to be,
Sir,
Your most obedient servant,

Jno Bhore
10-2-26
Chief Engineer of Mysore.

(47)

Report to accompany the estimate for the improvements to the Civil Hospital at Shimoga.

In the year 1923 a copy of the remarks of the Senior Surgeon from the minute book maintained at the Civil Hospital was received from the District Medical officer and accordingly a site plan showing all the existing and the proposed works together with a rough estimate of cost based on the plinth area amounting to Rs. 35,000/- were prepared and forwarded to the Senior Surgeon. The same general tracing plan and estimate are now received back through the Secretary to Government Local & Legislative Departments with Chief Engineer of Mysore's No. 2292 dated 22-8-25 for the preparation of detailed plans and estimates. This is now done. The descriptions are as follows:-

1. Extension of female Ward:- vide sheet No. 1. There is an existing building 54' x 28½' consisting of three rooms with a front verandah and the hipped roof which was very recently recoofed with mangalore tiles in place of country tiles.

The estimate provides for the extension of the building by 25' x ~~21½~~ 17½' (inside measurement) with mangalore tiled roofed verandah alround the building 8' wide.

The foundation of main wall will be of a depth of 3¼' of which burnt stone in clay 2½' depth below ground level over 9" chunnam concrete and the verandah retaining wall will be of 2¼' below the ground level. i.e., 9" concrete bed and 1½' burnt stone in mud. Basement is also provided for with stone in clay over the ground level as per existing one and pointed with chunnam. Burnt stone coping slab over the top of retaining wall is also provided. The wall(superstructure) will be constructed with burnt brick in clay and the top of walls and sides of doors and windows will be brick in chunnam. Circular pillars like the existing ones are proposed for the

(Sd)

for the extension of the verandah. The wood work is of teak wood for the roof with an scantlings of 3" x 5" double coller and vally rafters 4" x 6" at 1½' centre to centre. Teak wood pannelled doors and windows with iron bars and pannelled shutters outside, glazed shutter inside are provided. The roof will be covered on with Mangalore tiles on teak reepers. The ~~centre~~ entire flooring will be of Mangalore square tiles on 3" concrete bed and cement pointed.

The miscellaneous items such as chocolate Silicate painting, white and colour washing, wood oiling, constructing masonry pillars, eave board with painting, zinc sheet vally ghutters.etc., are also provided in the estimate at usual local.rates. The amount comes to Rs. 7,654/-

11. Additional Male Ward. Vide sheet No. 2:- This building newly proposed, has a gall of 45' x 21' with a verandah of 8' width to accommodate 12 more beds as per calculations at the rate of 1417 Cft of space per head, as the accommodation in the existing ward is insufficient. This will be construced in the middle of the two wards Male and Female. Vide index plan.

The foundation is to be of burnt stone in clay to a depth of 2½' over a concrete bed of 9" thick. Above the ground level the basement is 2' high as per existing ones.

The walls will be built with burnt brick in clay to a height of 18' ~~already~~ around as suggested by the District medical officer and the top of walls and sides of doors and windows will be with brick in chunnam.

Roof:- Hipped roof of teak wood scantlings of 3"x5" with vally rafters of 4"x6" at 1½' centre to centre is proposed. Teak wood pannelled doors and windows with glazed and pannelled shutters with iron bars are provided. The flooring

The flooring will be of mangalore tiles (9" x 9") on a concrete bed of 3" and cement pointed.

The miscellaneous items such as chocolate painting white and colour washing, wood oiling, constructing masonry pillars, eave board, zinc sheet vally shutters, dismantling the existing building etc., that are very necessary are also provided in the estimate at the usual Local rates. The amount comes to Rs. 9,75o/-

iii. Providing a verandah to the existing male ward - vide sheet No. 3.

The existing building for male ward measuring by 93¼'x 40' with hipped roof and verandah on two sides(front and rear) is constructed without lavotory attached to it.

This estimate provides for adding a verandah 9½' at one end of the building like the existing one. The end walls marked 'P' at the existing verandah will be dismantled and a pillar will be built there. The existing Mangalore tiled hipped roof will be continued to the end of proposed verandah The addition of a laterine is separately dealt with below. The amount of the work is Rs. 1,713/-

iv. Constructing laterine.Bath room and urinal. Vide sheet No. 1,2 and 3:-

A laterine of 8' x 15' is proposed to be added to all the wards both existing and proposed ones with a bath roo of 8' x 8' and a urinal of 8' x 5 7/8'

The junction of the roof and masonry will be suitably effected as shown in the enlarged plan. The laterine block is proposed to be constructed with a wall of burnt brick in chunnam alround and coping over the laterine as per section plan. The roof being supported by the extension of masonry

50

masonry pillars to admit of good ventilation as per xxx suggestion of the District Medical officer. The floor will be paved with burnt stone slabs on concrete bed. The rest of the items are provided as usual with current rates. The amount comes to Rs. 6577/- for three blocks.

. Constructing kitchens. Vide sheet No. 4. Two more kitchens of 12' x 12' with a bath room 12' x 6' are proposed to be constructed. Vide general index plan.

The roof is of 1st class Mangalore tiles on teak reepers and rafters. A ridge ventilator is provided as per plan for the escape of smoke. The flooring will be of burnt stone slabs (granite) over concrete bed and cement pointed. Teak wood pegs and shelves are provided in the kitchens for placing things.

The cost of this work comes to Rs. 2809/-

The grand total of the estimate comes to Rs. 30,000 including other necessary items.

Early sanction to the estimate is solicited.

Executive Engineer,
Shimoga Division.
